

Nuance Proof Load Test

Please reference your state's Structural Packet or your SSM purchased from Nuance directly for load requirements.

Required Load Test Value Tables are located in section 3.0 of the Structural Packet.
Please note special considerations for using multiple anchors per Leg.

Submit this form (within 60 days of install) online to qualify for 25 Year warranty From Nuance Energy. Nuanceenergy.com/warranty

(Min. 1 anchor/leg required in most cases)

TLA4(Soft Soil) Anchors and Additional TLA3 Anchors are available for purchase if more anchors are required.

Size/Tilt/Cell Count _____
Wind Speed _____
Snow Load _____

Contractor: _____
Project: _____
Address: _____

Anchor Qty Derate Factors

- (2) Anchors – 67%**
- (3) Anchors – 45%**
- (4) Anchors – 34%**

Example
Req Load 3000LB gross, 2 Anchors used per leg
 $3000LB \times .67 = 2010LB \text{ PER ANCHOR REQ}$

ARRAY#		REQ Load Value Gross(lb)	Per Anchor(lb)	-----RECORDED TEST VALUES PER ANCHOR-----
