

Spec Sheet - Rail Kit LTE

OPR NS PURLIN MAX x 2

OPR EW U-BOLT x 4

OPR 3/8" NUTS x 16

Description

- Custom purlin design offers higher strength at a lower weight than comparable unistrut.
- Purlins connect to round tubes using U-bolts.
- Purlin profile designed for universal mid-clamps and end-clamps.
- U-bolt design allows purlins to adjust to any slope.
- Standard profile 1-5/8" x 2-7/16".
- Structural rail bracket connects purlins together.
- Splice design convenient for shipping in box trucks.
